

15 April 1958

SUBJECT: Proposed Intelligence Communications Procedure

- 25X1A9a 1. Attached are copies of a draft paper entitled Intelligence Communications and Related Procedures, by [REDACTED], Assistant to the DD/I (Planning). [REDACTED] 25X1A9a has requested comments and suggestions. [REDACTED] purpose 25X1A9a is the more timely transmittal of intelligence from the collector to the user. It therefore deserves careful and serious consideration.
2. The author recognizes that many difficulties would attend the establishment of a communications system such as he is proposing. What he desires is a statement of the specific problems which might arise and suggestions for modifications of his proposal which might reduce these problems.
3. It is hoped that each addressee can obtain comments and suggestions from his personnel most competent in this field, for inclusion in a reply to [REDACTED] Answers are requested 25X1A9a by 2 May. Replies should be sent, and any questions addressed, to [REDACTED] Room 2169 Q Bldg., ext. 8592.
